The Drives family farm started in 1914 in Melrose, Minnesota and has been handed down from generation to generation. Upon returning home from a 4 years active duty in the Marine Corps, Eric Drives, 3rd generation family farmer, bought the farm from his parents in 2013. Through the years, using natural selection to promote high quality Black Angus beef, their herd has grown to about 300 cow/calf pairs. All the calves are kept and raised by his family and fed a natural farm grown forage based diet, never using growth hormones or implants. Eric, his wife Carla, and their four children raise for and feed the cattle. Their hard work and dedication has built their goal in raising beef with the best flavor and tenderness. All beef is processed in a local USDA inspected, family owned butcherment, Dr. Jack Meats of St. Joseph and Schaefer Market in Oak Center.
